Piper's Hollow

EXPLORER'S FIELD JOURNAL

ASSEMBLY INSTRUCTIONS

Simple Steps to Create Your Journal

Print • Assemble • Explore

Same Little Paths... Bigger Stories.

PRINT YOUR PAGES

Print all pages at 100% size on good quality paper (cardstock or 24–32 lb. paper works well). Print double-sided if possible (blankbacks are fine).

PREPARE YOUR COVER

Cut out a piece of cardboard (such as a cereal box) to the same size as your cover pages (11" x 8.5")

Thin cardboard (cereal box works great)

INSERT THE PAGES

GLUE THE COVER LAYERS

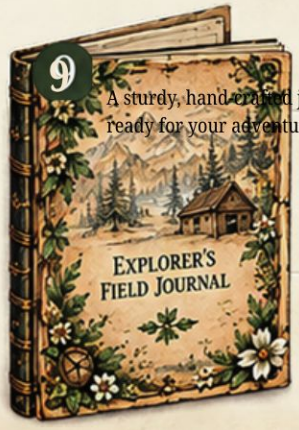
Glue the back of one side of the cardboard. Then glue the back of Page 2 to the other side of the cardboard.

PREPARE THE INSIDE PAGES

Take the remaining lined pages and glue them back to back (2 pages). Make sure the back sides are together. Let the glue dry, then fold each page in half to create a booklet page.

FOLD THE COVER

Take the first page (cover) and fold it in half along the center to create the front and back cover.



A sturdy, hand-crafted journal ready for your adventures!

ASSEMBLE THE JOURNAL

Here's what your finished journal looks like with the lined pages inside.

Place the folded lined pages inside the folded cover. Make sure all folds are aligned and the edges are even.

BIND YOUR JOURNAL

Secure the pages in the center fold using your preferred method.

Option 1:
Use a long reach stapler (saddle stitch).

Option 2: Sewn Bind
Use a needle and thread (3–5 holes).

Option 3:

Use strong craft glue along the center fold.

Ready to Fill with Your Adventures!

INSIDE COVER DETAILS

Name Section
A special place to make your journal your own.

Game Piece Pocket
Keep your cards, tokens and small pieces safe for the next adventure.
